Workplace law issues raised by commercialised dentistry: Some tips and traps
lawyers advising dentists should think about – Louise Floyd
The traditional trip to the dentist might be physically and financially painful, but recent
changes in the way dentistry is practiced means there are legal issues that should be
underscored for law practitioners and dentists. These issues include: The use of contractors
(not employees) and the effect that has on insurance; the continuing importance of ethical
obligations (the importance of not placing profit ahead of a professional obligation to
patients – even in a more competitive environment); and the use of social media. ............ 107
